

Recovery Plan Action Status

Plan Name: Revised Hawaiian Forest Birds Recovery Plan

Plan Status: Final Revision 1

Plan Date: 22-Sep-06

Lead Agency: USFWS

Lead Office: Pacific Islands Fish And Wildlife Office

(808)

(792-9400)

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Nukupu`u (honeycreeper) (Hemignathus lucidus), Crested honeycreeper (Palmeria dolei), Small Kauai (=puaiohi) Thrush (Myadestes palmeri), Hawaii creeper (Oreomystis mana), Kauai akialoa (honeycreeper) (Hemignathus procerus), Akiapola`au (honeycreeper) (Hemignathus munroi), Kauai `o`o (honeyeater) (Moho braccatus), Po`ouli (honeycreeper) (Melamprosops phaeosoma), `O`u (honeycreeper) (Psittirostra psittacea), Palila (honeycreeper) (Loxioides baillieui), Oahu Elepaio (Chasiempis sandwichensis ibidis), Akikiki (Oreomystis bairdi), Large Kauai (=kamao) Thrush (Myadestes myadestinus), Maui parrotbill (honeycreeper) (Pseudonestor xanthophrys)	1	1.1	Describe and delineate recovery areas	Complete	FY 2000 - FY 2004	FY 2000 - FY 2004	Hawaii Forest Bird Recovery Team, U.S. Fish and Wildlife Service	Work type not yet selected	Labor type not yet selected	

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.11	Secure recovery area: Keauhou Ranch, TMK 399001004	Ongoing Current	FY 1995 - FY 1999		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Remnant mesic koa and 'ohi'a forest. By lease or conservation easement. Currently a member of the Ola'a-Kilauea Partnership.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.12	Secure recovery area: Kap-pala Ranch, Portions of TMK 398001010	Not Started			Land Division, Hawaii Department of Land and Natural Resources, Kapapala Ranch	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division, Kapapala Ranch. Currently leased for cattle grazing. Restorable. A link between forest to the east and west. By lease, conservation easement, or change in land use designation to conservation.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.13	Secure recovery area: Ka'ý Forest Reserve, TMK 397001007	Not Started			Mauna Kea Agribusiness	Work type not yet selected	Labor type not yet selected	The Nature Conservancy of Hawai'i. Protect wet forest habitat from development.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.14	Secure recovery area: Ka'ý Forest Reserve, Portions of TMKs 397001006 and 397001005	Ongoing Current	FY 2000 - FY 2004		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Protect wet forest habitat from development. By lease, conservation easement, partnership agreement, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	1	1.3.15	Secure recovery area: Kahuku Ranch, Portions of TMK 392001002	Complete	FY 2000 - FY 2004	FY 2005	Samuel M. Damon Trust, Kahuku Ranch	Work type not yet selected	Labor type not yet selected	Recently purchased by Hawai'i Volcanoes National Park. Valuable wet and mesic forest habitat that links Ka'ý Forest and South Kona Forest. Restorable.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.16	Secure recovery area: Honomalino, TMKs 389006004 and 389006029	Not Started			Scott C. Rolles Trust	Work type not yet selected	Labor type not yet selected	Scott C. Rolles Trust. Links Ka'ŷ Forest and South Kona Forest. By lease, conservation easement, partnership, change in land use designation, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.17	Secure recovery area: Papa, TMK 388001001	Complete	FY 2000 - FY 2004	FY 2006	The Nature Conservancy of Hawaii	Work type not yet selected	Labor type not yet selected	The Nature Conservancy, Kona Hema Preserve. Recently sold by Koa Aina Ventures. A link between Ka'ŷ Forest and South Kona Forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.18	Secure recovery area: Portions of TMKs 388001003 388001004 387012001 392001005 387012003 387012004 387001007 387001006 387001011 387001004	Not Started			Yee Hop Ranch Ltd.	Work type not yet selected	Labor type not yet selected	Yee Hop Ranch Ltd. Provides links between state owned land parcels and protects contiguous forest habitat in South Kona from development. By lease, conservation easement, partnership agreement, change in land use designation, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	1.3.19	Secure recovery area: `Alae Ranch, Portions of TMK 387001014	Not Started			Land Division, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division. Currently leased for cattle grazing. By conservation easement, lease, change of jurisdiction, or change in land use designation to conservation protective subzone.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Nukupu`u (honeycreeper) (Hemignathus lucidus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	1	1.3.2	Secure recovery area: Kanakaleonui Corridor, TMK 338001009	Ongoing Current	FY 2000 - FY 2004		Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL. Provides vital link between mesic koa forest and dry mamane forest. By conservation easement, lease, or partnership. Remove grazing and enhance natural communities. 525 acres fenced and ungulates removed.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi)	2	1.3.20	Secure recovery area: McCandless Ranch, Portions of TMKs 392001003 and 386001001	Ongoing Current	Prior to FY 1995		McCandless Ranch	Work type not yet selected	Labor type not yet selected	McCandless Ranch. Protect contiguous forest habitat in South Kona from development. By lease, conservation easement, partnership agreement, change in land use designation, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi)	2	1.3.21	Secure recovery area: Waiea Tract, TMK 386001003	Not Started			Land Division, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR. Land Division. Protect contiguous forest habitat in South Kona from continued degradation. Currently leased for cattle grazing. By conservation easement, lease, change of jurisdiction, or change in land use designation to conservation protective subzone.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi)	2	1.3.22	Secure recovery area: Kealia Ranch, TMK 385001001	Ongoing Not Current	FY 1995 - FY 1999		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. By lease, conservation easement, partnership agreement, change in land use designation, or purchase from willing seller.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	2	1.3.23	Secure recovery area: Honaunau Forest, TMKs 384001001 384001002 383001001 383001002	Ongoing Current	FY 2000 - FY 2004		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. By lease, conservation easement, partnership agreement, change in land use designation, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	1.3.24	Secure recovery area: Kealia Ranch, Portions of TMK 385001002	Ongoing Not Current	FY 1995 - FY 1999		Elizabeth Stack et al.	Work type not yet selected	Labor type not yet selected	Elizabeth Stack et al. Protect contiguous forest habitat in South Kona from development. By lease, conservation easement, partnership agreement, change in land use designation, or purchase from willing seller.
Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	2	1.3.26	Secure recovery area: Pu'u Lehua, Portions of TMKs 378001003 378001007 372002001 378001001	Ongoing Current	FY 2000 - FY 2004		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Provides habitat for a second palila population. Restorable. By lease, conservation easement, partnership agreement, change in land use designation to conservation, or purchase from willing seller.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), 'O'u (honeycreeper) (Psittirostra psittacea)	2	1.3.3	Secure recovery area: Hilo Forest Reserve, Laupahoehoe Section, TMK 337001004	Not Started			Hawaii Department of Land and Natural Resources, Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DOWAW. Currently the Laupahoehoe Section of Hilo Forest Reserve Area. By change in land use designation to conservation protective subzone. Mid-elevation forest with native tree canopy vulnerable to destruction by continued yield pig hunting.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi), `O`u (honeycreeper) (Psittirostra psittacea)	2	1.3.4	Secure recovery area: Hilo Forest Reserve, Piha Section, TMK 333001004	Not Started			Hawaii Department of Land and Natural Resources, Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai`i DOFAW. Important wet and mesic forest remnants. Currently the Piha Section of Hilo Forest Reserve, bounded on both sides by Hakalau Forest National Wildlife Refuge. By conservation easement or change in land use designation to protective subzone of conservation. Mid-elevation forest with intact native tree canopy vulnerable to destruction by sustained yield pig hunting.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi)	2	1.3.5	Secure recovery area: Kipuka `Ainahou Nene Sanctuary, TMK 338001008	Ongoing Current	FY 2000 - FY 2004		Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources, Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai`i DHHL, leased by DOFAW and currently under annual lease. A long-term lease should be negotiated.
Nukupu`u (honeycreeper) (Hemignathus lucidus), Hawaii creeper (Oreomystis mana), Akiapola`au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	1	1.3.6	Secure recovery area: Humu`ula, TMK 338001002	Ongoing Current	FY 2000 - FY 2004		Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai`i DHHL. Restorable. A vital link between wet and dry forest communities. Former lease for cattle grazing recently terminated. By lease, conservation easement, cooperative agreement, or partnership. Salvage senescent koa, scarify soil for koa regeneration, and cattle removal ongoing.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	2	1.3.7	Secure recovery area: Humu'ula, Portions of TMK 338001007	Ongoing Current	FY 2000 - FY 2004		Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL. Former lease to Parker Ranch for grazing. Restorable. A vital link between wet and dry forest communities. By lease, conservation easement, cooperative agreement, or partnership. 200 acres koa buffer planted between upper boundary if HFNWR and Kanakaleonui Road.
Nukupu'u (honeycreeper) (Hemignathus lucidus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	1	1.3.8	Secure recovery area: TMK 326018002	Not Started			Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL, adjacent to Hakalau Forest National Wildlife Refuge. Highest mesic forest remnant on the eastern slope of Mauna Kea. By lease, conservation easement, cooperative agreement, or partnership.
Nukupu'u (honeycreeper) (Hemignathus lucidus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	1	1.3.9	Secure recovery area: TMK 326018001	Not Started			Land Division, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division. Leased for cattle grazing. Important mesic and wet koa/ohi'a forest remnants, link between wet and dry forest communities. By lease, conservation easement, change of jurisdiction, or change in land use designation to conservation.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.10	Reforest areas of Pu'u 'O'o Ranch, TMK 326018001	Not Started			Land Division, Hawaii Department of Land and Natural Resources, Pu'u 'O'o Ranch	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division, leased to Pu'u 'O'o Ranch. Important mesic and wet koa/`ohi'a forest remnants, and vital link between wet and dry forest communities. Protect and reforest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.13	Reforest areas of Keauhou Ranch, TMK 399001004	Ongoing Current	FY 1995 - FY 1999		Keauhou Ranch, Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Reforest transition wet `ohi'a, mesic koa and dry mamane/sandalwood.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.14	Reforest areas of HVNP, TMK 399001002	Ongoing Current	FY 1995 - FY 1999		Hawaii Volcanoes National Park	Work type not yet selected	Labor type not yet selected	Hawai'i Volcanoes National Park. Continue dryland forest restoration.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.15	Reforest areas of Kapapala Ranch, Portions of TMK 398001004	Not Started			Land Division, Hawaii Department of Land and Natural Resources, Kapapala Ranch	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division, Kap-pala Ranch. A link between forest communities to the east and west. Remove alien trees, restore montane dry koa, `ohi'a and mamane forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.16	Reforest areas of Ka'ū Forest Reserve, TMK 397001007	Not Started			Mauna Kea Agribusiness	Work type not yet selected	Labor type not yet selected	Mauna Kea Agribusiness. Protect and facilitate natural regeneration.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.17	Reforest areas of Ka'ū Forest Reserve, Portions of TMKs 397001006 and 397001005	Ongoing Current	FY 1995 - FY 1999		Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Protect and facilitate natural regeneration.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.18	Reforest portions of TMK 392001002	Ongoing Current	FY 2000 - FY 2004		Samuel M. Damon Trust	Work type not yet selected	Labor type not yet selected	Samuel M. Damon Trust. Valuable wet and mesic forest habitat needs restoring. A link between Ka'ū Forest and the South Kona Forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.19	Reforest areas of Honomalino, TMKs 389006004 389006029	Not Started			Scott C. Rolles Trust	Work type not yet selected	Labor type not yet selected	Scott C. Rolles Trust. A link between Ka'ū Forest and South Kona Forest. Protect and restore montane mesic koa forest.
Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui), Akikiki (Oreomystis bairdi)	1	2.1.2	Reforest areas of the Kanakaleonui Corridor, TMK 338001009	Ongoing Current	FY 2000 - FY 2004		Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL. Provides a vital link between mesic koa forest and dry mamane forest. Restore upper pasturelands. Discussion ongoing for which areas and tree species need to be planted.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.20	Reforest areas of Papa, TMK 388001001	Not Started			Koa Aina Ventures	Work type not yet selected	Labor type not yet selected	The Nature Conservancy, Kona Hema Preserve. Recently sold by Koa Aina Ventures. A link between Ka'ū Forest and South Kona Forest. Restore montane mesic koa forest.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.21	Reforest areas of Honomalino, TMK 389001001	Ongoing Current	FY 1995 - FY 1999		The Nature Conservancy of Hawaii	Work type not yet selected	Labor type not yet selected	The Nature Conservancy of Hawai'i. Continue forest restoration program.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.22	Reforest areas of Honomalino Forest Reserve, TMK 389001002	Not Started			Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DOFAW. Restore montane mesic koa and 'ohi'a forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.23	Reforest areas of Yee Hop Ranch, Portions of TMKs 388001003 388001004 387012001 392001005 387012003 387012004 387001007 387001006 387001011 387001004	Not Started			Yee Hop Ranch Ltd.	Work type not yet selected	Labor type not yet selected	Yee Hop Ranch Ltd. Provides links between State land parcels and protects contiguous forest habitat in South Kona from development. Protect and restore wet 'ohi'a, mesic koa and dry mamane/naio forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	1	2.1.24	Reforest areas of Kona Forest NWR, TMK 386001001	Ongoing Current	Prior to FY 1995		U.S. Fish and Wildlife Service	Work type not yet selected	Labor type not yet selected	USFWS. Restore montane mesic koa and 'ohi'a forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.25	Reforest areas of 'Alae Ranch, Portions of TMK 387001014	Not Started			Land Division, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division, leased to 'Alae Ranch. Protect and restore wet 'ohi'a forest.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.26	Reforest areas of McCandless Ranch and E. Stack et al., Portions of TMKs 392001003 386001001 385001002	Planned	FY 2006		McCandless Ranch	Work type not yet selected	Labor type not yet selected	Protects contiguous forest habitat in South Kona from development. Restore pasture to mesic koa and dry mamane/naio forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.27	Reforest areas of Waiea Tract, TMK 386001003	Not Started			Land Division, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DLNR, Land Division. Protects contiguous mesic koa forest habitat in South Kona.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	2	2.1.28	Reforest areas of Kealia Ranch, TMK 385001001 and Portions of TMKs 384001001 and 383001001	Not Started			Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Restore mesic koa forest and dry mamane/naio forest.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), 'O'u (honeycreeper) (Psittirostra psittacea)	3	2.1.3	Reforest areas of the Hilo Forest Reserve, Laupahoehoe Section, TMK 337001004	Not Started			Hawaii Department of Land and Natural Resources, Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DOFAW. Remove alien trees, restore transition forest from wet 'ohi'a to mesic koa.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana)	2	2.1.31	Reforest areas of Pu'u Wa'awa'a Forest Bird Sanctuary, TMKs 371001001 371001006	Ongoing Not Current	FY 2000 - FY 2004		Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DOFAW, Pu'u Wa'awa'a Forest Bird Sanctuary. Restore montane mesic koa and mamane/naio forest habitat.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana)	2	2.1.32	Reforest areas of Hualalai Ranch, TMK 372002001	Not Started			Kamehameha Schools	Work type not yet selected	Labor type not yet selected	Kamehameha Schools. Restore mesic and dry montane forest.

Species	Action Priority #	Action #	Action Description	Action Status	Est. Initiation Date	Est. Completion Date	Responsible Parties	Work Type	Labor Type	Action Comments
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), 'O'u (honeycreeper) (Psittirostra psittacea)	3	2.1.4	Reforest areas of the Hilo Forest Reserve, Piha Section, TMK 333001004	Not Started			Hawaii Department of Land and Natural Resources, Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources	Work type not yet selected	Labor type not yet selected	Hawai'i DOFAW. Remove alien trees. Restore transition forest from wet 'ohi'a to mesic koa. Facilitate understory regeneration.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	1	2.1.5	Reforest areas of Hakalau Forest NWR, TMKs 337001010 329005005 333001007 329005003	Ongoing Current	Prior to FY 1995		U.S. Fish and Wildlife Service	Work type not yet selected	Labor type not yet selected	USFWS. Remove alien trees and continue successful forest restoration program.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi)	3	2.1.6	Reforest areas of Kipuka 'Ainahou Nene Sanctuary, TMK 338001008	Ongoing Current	FY 1995 - FY 1999		Division of Forestry and Wildlife, Hawaii Department of Land and Natural Resources, Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL, leased by DOFAW. Facilitate canopy tree and understory regeneration.
Hawaii akepa (honeycreeper) (Loxops coccineus coccineus), Hawaii creeper (Oreomystis mana), Akiapola'au (honeycreeper) (Hemignathus munroi), Palila (honeycreeper) (Loxioides bailleui)	2	2.1.7	Reforest areas of Humu'ula, TMK 338001002	Ongoing Current	FY 2000 - FY 2004		Department of Hawaiian Home Lands	Work type not yet selected	Labor type not yet selected	Hawai'i DHHL. Restorable. A vital link between wet and dry forest. Reforest pasturelands to transition forest from mesic koa to dry mamane. Salvage senescent koa, scarify soil for koa regeneration, and cattle removal ongoing.
